

NOW WITH
SLOPED DRAIN PAN

HYX / PHYX Series

Horizontal Recessed
Ceiling Fan Coils
3 - 5 Tons Cooling
Cooling Only (No Electric Heat)

HYX Series
(HYB shown)

The space-saving **HYX / PHYX** Series fan coils are only 16 1/2" high, allowing them to recess in a ceiling. Recessed ceiling fan coils save valuable floor space and eliminate costly "equipment" closets.

The **HYX** is an "uncased" ceiling fan coil. The **PHYX** is the same product but with a factory installed return air plenum. With the **PHYX** model, return air can be field ducted directly to the fan coil plenum. The **PHYX** plenum can also be field converted from end return to bottom return.

The **HYX / PHYX** fan coils are compatible with most split-system condensing units and heat pumps. Contact the factory for correct matches with outdoor units.

All **HYX / PHYX** fan coils include a 240/24V transformer and are completely prewired. Sloped drain pans allow positive drainage of condensate.

PHYX Series
(PHYB shown)
(with return air plenum)

Standard Features:

- Drain pan has 3/4" NPT primary and secondary (overflow) fittings
- 240V motor, 24V controls
- Copper tube/aluminum fin cooling coils
- Insulated and coated galvanized steel drain pan is sloped for proper drainage
- Higher efficiency cooling coil with piston-type metering device. Contact factory for correct match with outdoor unit
- Throw away filter (PHYX only)
- 4-speed motors

Optional Accessories: (Field installed)

- Condensate overflow switch (Part # **SS3**)
- Factory or field installed TXV's (R22 or R410A)

HYX Series

3, 4, and 5 tons

(See P. 4 for Model Numbers)

								LOW	1140	1020	930	840	740	640

FEATURES

1. 4-speed direct drive motors
2. 1/2" copper tubing
3. Piston-type metering device for heat pump or straight cool operation
4. Primary and secondary condensate drains on one end
5. Rubber isolation grommets
6. 208-240/1/50-60Hz. motors (2)
7. 24V transformer

Notes:

* Amps is total for (2) motors

* Blower data is with 240V/1PH/60Hz. motors

PHYSICAL DIMENSIONS

Model Numbers:

		FACTORY INSTALLED TXV'S	
MODEL SIZE (BTU)	MODEL (PISTON)	MODEL (R22 TXV)	MODEL (R410A TXV)
36,000	36(P)HYX0	36(P)HYX0 w/R22 TXV	36(P)HYX0 w/R410A TXV
48,000	48(P)HYX0	48(P)HYX0 w/R22 TXV	48(P)HYX0 w/R410A TXV
60,000	60(P)HYX0	60(P)HYX0 w/R22 TXV	60(P)HYX0 w/R410A TXV

All TXV's are approved for cooling only or heat pump operation.

NOTE:

Expansion valve requirement depends on the selected outdoor unit. Go to www.firstco.com or contact the factory for assistance.

ACCESSORIES - (all field installed)

EXPANSION VALVE KITS (Field installed) (cooling only or heat pump)	
PART NUMBER	FITS
R22	
9EVR22-2	36(P)HYX
9EVR22-3	48/60(P)HYX
R410A	
9EVR410-1	36(P)HYX
9EVR410-2	48/60(P)HYX

NOTES:

1. Above expansion valve kits are approved for both cooling only (non heat pump) and heat pump applications.
2. Valves are external equalizing, internal bleed.
3. Valves have screw-on connections.
